

3<sup>rd</sup> February 2016

Ms Meg Downie  
Councillor  
Mullum Mullum Ward  
Manningham City Council  
Doncaster Road  
Doncaster Vic 3108

Dear Madam,

I am a resident at 21 Chippewa Avenue, Donvale and am most concerned with the amount of vehicles being parked on the street, I have taken up a petition with my neighbours who have all agreed that it is dangerous.

This I believe is due to the fact that many houses in the street have been sold and multi housing has been erected on these sites. There is insufficient parking being allowed for the tenants and their visitors.

We are having to take risks entering and exiting our properties, and driving up and down the street.

This is also a danger for emergency vehicles – as there is little room with vehicles parked **on** both sides of the road and in many cases directly opposite one another.

To alleviate this problem we feel that any new developments must have off street parking for all tenants and visitors.

We also need the single and double white lines to be defined as vehicles are being parked in **these** areas which also causes congestion.

I have enclosed signatures of concerned residents in Chippewa Avenue. I would appreciate if you bring this forward at your next council meeting.

Chippewa Avenue is a feeder road to many other streets running off and is also used as an alternative route from Ringwood North to Eastlink.

Should you wish to discuss this further please ring me on 0409 865 025

Yours faithfully

John Nicholls

Enc.5

**STREET PARKING – CHIPPEWA AVENUE DONVALE 3111  
JANUARY 2016**

We the undersigned wish to draw to the attention of Manningham City Council the issues encountered by residents of Chippewa Avenue and other roads accessed by Chippewa Avenue.

The street is being used as a parking lot by many tenants and occupants of the multi housing sites -which are encumbering cars up and down the street. This is of **MAJOR concern particularly for access of any emergency vehicles.**

The street parking is dangerous.

With the any future multi housing developments in the area these should have sufficient parking for visitors as well as residents.

**HELP STOP MORE COLLISIONS AND MAYBE DEATH HAPPENING!**
